The IP detection tool will try to find your router IP and after some seconds you will see a link. Click on this link and you will be forwarded to your router login page Then you will see 2 fields where you can enter the router username and password. Sometimes you can find the router login data on the back of the router. Alternatively look into the manual that can be found here: Manual of your router. Enter the username and password, click on the login button and now you should have access to the user interface of the router. If the credentials do not work, try the following method In the list below you can find some of the most commonly used username/password combinations of Sagemcom routers. Try the following combinations. If you have problems logging in to the router or you have forgotten your password. Username Password adminadmin/an/admin(sticker on the bottom of device)adminmenaramenaran/aadminadminetdm(blank)(blank)(blank)printed on back of routeradmin000adminabcd12345adminadmingvt12345adminserial number found on bottom of routeradminsky(blank)adminAdminlast four digits of the routers MAC address The most common IPs used by Sagemcom routers You have tried several different IP addresses and still none of them work? Then you should try the IP addresses from the following list. Nothing of the methods worked for me and I still not get access to my Sagemcom [email protected] 5280! If nothing helped and you really need access to your [email protected] 5280 router, there is also the possibility of a factory reset. In most cases you can perform a factory reset by pressing a small button on the back of the router for 10-20 seconds. After that the router lights up and needs some minutes to reset all settings. After a factory reset the router loses the connection to all other connected devices and some devices have to be reconnected to the router after such a reset. If you are unsure, you should consult an expert to help you set up the router again. Manuals for Sagemcom [email protected] 5280 Manual - Sagemcom [email protected] 5280 More Sagemcom routers These user manuals will show you how to correctly configure your [email protected] 5280 router, as well as what features you can expect to find. Other useful links: Default password/Login To get access to your Sagemcom [email protected] 5280, you need the IP of your device, the username and password. You'll find such information in the Manual of your Sagemcom [email protected] 5280 router. But if you do not have the manual for your router or you do not want to read the whole manual to find the default login information then you can use the quick guide below. To get to the router login page it's necessary that you are connected to the router. Sagemcom [email protected] 5280 Login Guide Open your web browser (e.g. Chrome, Firefox, Opera or any other browser) Click HERE to auto detect your router IP. After some seconds our tool will show a link to your router login page. Click on the shown link. You should see 2 text fields where you can enter a username and a password. Check the bottom of your router. There you will find your login credentials. If not then have a look at the manual of your router. Enter the username & password, hit "Enter" and now you should see the control panel of your router. If above login credentials doesn't work with your Sagemcom [email protected] 5280 router then try this method Try different ID/password combinations that are widely used by Sagemcom that you'll find below. In this list are the most popular default username and password combinations used by Sagemcom. Sometimes the username and password doesn't work that we mentioned in the top of this guide. Then you can try these username/password combinations below to get access to your Sagemcom [email protected] 5280 wireless router. # Username Password Iadminadmin2n/an/a3admin(sticker on the bottom of device)4admin5menaramenara6n/aadmin7adminetdm8(blank)(blank)9(blank)printed on back of router10admin000011adminabcd1234512admin13admingvt1234514adminserial number found on bottom of router15adminsky16(blank)admin17Adminlast four digits of the routers MAC address Default login IPs for my Sagemcom router You tried different router IPs but nothing worked?
